TABLE VII.

Age, Sex and Civil Condition.

NOTE 1.—This Table is divided into three parts. Part I shows the distribution for the State as a whole of the total population and of each religion by age, sex and civil condition. Part II shows the distribution in districts of the total population and of the main religions by age, sex and civil condition. Part III gives similar details for Cities.

NOTE 2.—The age recorded at this census was the age nearest birthday and not the number of years completed as at the last census. The numbers recorded were grouped into tenary and septenary groups and then re-distributed in the ordinary quinary groups. This re-distribution was first effected for the districts and the smoothed figures were then consolidated for the State.

STATE TABLE II.

Population of Districts and Tehsils by Religion and Literacy.

NOTE 1.—Classification of Hindus as Brahmans, Other Hindus and Depressed Classes has not been given as the education by caste for Table XIV has been sorted for some selected castes only.

2.—In columns 26 to 33 literacy has been given in age groups 0-13, 14-16, 17-23 and 24 and over instead of 0-15, 15-20 and 20 and over for the reason that figures have not been smoothed by Tehsils.

3.—Unsmoothed figures for Nimach Cantonment being not available the figures of literacy by religion and age against Mandsaur District and Gwalior State fall short of Nimach Cantonment figures which are as follows:—

	Hindu.		Jain.		Muslim.		Chris- tian.		Others.		0-15		15-20		20 & over.		Literate in English.
